Dental-Legal Letters, Reports and Opinions

92121	Dental-Legal Report - A short, factually written or verbal communication given to any lay person (e.g., lawyer, insurance representative, local, municipal or government agency, etc.) in relation to the patient with prior patient approval.	183.00
92122	Dental-Legal Report - A comprehensive written report with patient approval, on symptoms, history and records giving diagnosis, treatment, results and present condition. The report is a factual summary of all information available on the case and could contain prognostic information regarding patient response.	852.00
93123	Dental-Legal Opinion - A comprehensive written report primarily in the field of expert opinion. The report may be an opinion regarding the possible course of events (when these cannot be determined factually), with possible long-term consequences and complications in the development of the conditions. The report will require expert knowledge and judgement with respect to the facts leading to a detailed prognosis.	1,216.00
